HOW TO CREATE YOUR X CARDS

1 Print out your X Cards onto A4 paper

2 Cut around each card

3 Fold each card in half and stick the edges together

4 Start playing X Cards with your friends

WARNING Make sure you have an adult to help you when using scissors and glue!

THE RULES Each card contains a list of numerical data, and the aim of the game is to compare these values in order to try to trump and win an opponent's card.
